Shaman Pierre Garreaud will
be collaborating with the
Twin Shamans

The Twin Shamans, Doña Ysabel & Doña Olinda will be offering Private Healing Sessions, a Ceremony and Workshop during their visit to Durham, NC. The Twins are famous for healing the impossible and credited with miraculous healings.

Doña Ysabel and Doña Olinda have 33 years of healing experience and follow the guidance of their Beloved Jesus Christ and Mother Mary. They are known worldwide as powerful healers and are the subjects of 2 important healing books about Peruvian Native Medicine: Plants of the Four Winds and The Gift of Life.

People experience great healing during all of their events. Doña Ysabel channels the Spirit of San Pedro and the Spirit of the Great Mother bringing deep and profound healing to their clients. Doña Olinda works with sacred wooden swords removing unwanted energies, clearing the Light Body, cutting chords and awakening inner seeds of knowledge stored in the DNA.

For more information on the content of the Workshop and Ceremony description please visit:
